## Notice

Dear NHTSA officials,

Thanks for your concern.

Our company, Yantai Jerih Oilfield Services Group Co., Ltd. (henceforth referred to as "Yantai Jerih"), is a trailer and truck manufacturer located in China.

Yantai Jerih was identified as trailer manufacturer and submitted U.S agent designation at 2013, the agent designation was approved by NHTSA at Sept. 16, 2013.

Now Yantai Jerih is planning to export truck to America, the truck chassis was produced by Daimler Trucks North America, LLC which has already assigned a VIN to the vehicle. After purchased the chassis, Yantai Jerih assembled a tank produced by an America manufacturer which was approved by PHMSA of DOT. According to 49 CFR 565.13(a), the final stage manufacturer shall utilize the VIN assigned by the original manufacturer of the vehicle. So the truck exported to America is bearing the VIN of Daimler Trucks North America, LLC.

We are submitting this written notice on the purpose of adding this new product and identify Yantai Jerih as final stage manufacturer of truck to our existing manufacturer identification.

As VIN deciphering submission of trailer was provided before, so now we are providing following products as the Annexes of this Notice: a) Agent designation and acceptance; b) Manufacturer Identification; c) Manufacturer and Product identification; d) VIN DECIPHERING SUBMISSION; e) WMI certificate.

Again thanks for your concern. Should you have any doubts, please contact us.
